

Hello everyone,

Once again, I hope that everyone's week is off to a great start.

Here are my recommendations for the pace to set during Week 3:

- **Every Day:** Work a little on your Portfolio Project!
- **Monday:** Complete the **Week 3 Day 1: Intro to Bootstrap** lessons and exercises.
- **Tuesday:** Complete the **Day 2: Bootstrap Grid** lessons and exercises.
- **Wednesday:** Complete the **Day 3: Custom Styles and Utility Classes** lessons and exercises.
- **Thursday:** Complete the **Day 4: Navigation, Icons, and Form Classes** lessons and exercises.
- **Friday** – Complete the **Day 5: Tables, Cards, and Images** lessons and challenges. Complete the **Quiz** with a passing grade. Familiarize yourself with the instructions for the **Workshop Assignment** (but do not start the assignment yet!) and get ready for the end-of-week Workshop. You will need to have a complete and working Nucampsite before you begin this week's workshop assignment, so please be sure to complete all of this week's lessons and exercises before the end of the week.

You can always reach out to me if you need any help. I look forward to seeing everyone's progress!
